The Next 50 Years for Software Engineering

The International Conference on Software Engineering (ICSE) is the premier software engineering conference, where researchers, practitioners, and educators come together to present, discuss, and debate the most recent research results, innovations, trends, and concerns in the field of software engineering.

Traditional ICSE highlights include the prestigious Technical Track, Software Engineering in Practice, Software Engineering Education and Training, Software Engineering in Society, New Ideas and Emerging Results, Student Research Competition, Technical Briefings, Posters, and Demonstrations.

New attractions in 2019 include an Industry Program for advanced practitioners and researchers who are interested in industry-relevant challenges, a Student Mentoring Workshop, and Artifact Evaluation of artifacts associated with accepted Technical Track papers.

SUBMISSION DATES

Technical Papers	Aug. 24, 2018
Software Engineering in Practice	Oct. 1, 2018
Software Engineering Education and Training	Oct. 1, 2018
Software Engineering in Society	Oct. 1, 2018
New Ideas and Emerging Results	Oct. 1, 2018
Demonstrations	Oct. 1, 2018
Workshop Proposals	Oct. 10, 2018
Doctoral Symposium	Nov. 19, 2018
Journal-First Papers	Nov. 30, 2018
ACM Student Research Competition	Jan. 7, 2019
Workshop Papers	Feb. 1, 2019
Student Volunteers	Feb. 7, 2019

The 41st ICSE will be held in Montréal, Canada. You are warmly invited to contribute and be part of the many offered events. Join us and contribute to make ICSE'19 an unforgettable event!
